SPREAD THE WORD!

Write a book review

I'm so excited! My new book, The Art of Crochet Blankets, is here and I'd love your help spreading the word. Writing a book review for The Art of Crochet Blankets is one of the best ways to support my work, because it helps more people find out about the book, and it allows them to see it from your unique perspective. Once the book review is live, please email me the link at cypresstextiles@gmail.com and I'll add your blog link and a quote from your review on my book's information page.

Thank you for your support!
